Examination/Grading/Rating

The Executive Committee of the Board of Directors seeks, through performance objectives in its instructional program, to make achievement both recognizable and possible for students.

The issuance of grades on a regular basis serves to promote a process of continuous evaluation of student performance, to inform the student, the student's parents and counselor of his/her progress, and to provide a basis for bringing about change in student performance, if such change seems necessary.

Students enrolled will participate in any state-wide Standardized Assessment Program.
