**Arts at the Capitol Theater**

EASTCONN’s Arts at the Capitol Theater (ACT) magnet high school, housed in Willimantic’s historic Capitol Theater, enrolls students seeking intensive study in the performing arts. Students have daily access to creative experiences through a curriculum that integrates the performing arts with more traditional academic high school subjects. Areas of artistic study include: Acting/Vocal Performance, Audio/Video Production, Creative Writing, Theater Production (set design, lighting design and costuming) and Dance. Highly qualified teaching artists and certified teachers work collaboratively to provide students with personalized educational experiences unlike any other public school in northeastern Connecticut.
