Arts at the Capitol Theater Performing Arts Magnet High School

Program of Studies 2017-2018

Welcome to ACT!

Arts at the Capitol Theater (ACT) is a full-day high school program designed for students who want to learn through the performing arts. ACT students have a full load of courses in the performing arts and academic areas. All courses are designed to help students make cross-curricular connections between content areas.

What I enjoy most as principal of this school is watching the growth that occurs in our students from freshman year to senior year. Our students leave ACT ready for college or the workforce. They are taught responsibility, accountability and commitment; three characteristics essential to success after high school.

I am incredibly proud of our school community for receiving initial accreditation from the New England Association of Schools and Colleges in the fall of 2017. This accreditation demonstrates ACT's commitment to upholding our school's core values and beliefs and ensuring the highest instructional standards in both the arts and academic areas.

ACT is a place where students can shine. Students at this school are free to create, perform and reach their true potential as students and artists. Our community allows students the chance to express themselves freely and to meet and befriend others from all different backgrounds. Above all, ACT students are welcoming, committed and live by ACT's core value of RESPECT: Respect Yourself, Respect the Work, Respect the Community.

This school is a special place with dedicated students and we would love you to be a part of our family.

Core Values & Beliefs

The students, teachers, parents and community members of ACT collaborate to promote an education in arts and academics that inspires intellectual exploration, creative expression and personal motivation in students. Through intensive, rigorous educational experiences in our caring and safe environment, our students learn to understand deeply the imperative that is our philosophical foundation: **Respect Yourself, Respect the Work and Respect the Community.**

THE ACT COMMUNITY BELIEVES THAT:

- Arts education enhances academic learning
- Academic learning strengthens artistic endeavors
- Real-world application of learning embeds knowledge
- Effective teaching and learning involves effective collaboration
- Diversity is a strength that must be actively embraced in learning

THE ACT COMMUNITY IS COMMITTED TO:

- Educating the whole person - intellectually, creatively, physically, emotionally
- Respecting individual differences, talents, and life experiences
- Preparing students for productive lives as artists and as citizens
- Elevating personal and artistic standards through education
- Making connections among arts, academics, and life

THE ACT COMMUNITY PROVIDES:

- A respectful, safe environment in which students explore their creativity
- Opportunities for new areas of learning and personal expression
- A professional perspective and preparation for life in the arts and in the world
- Purposeful, effective integration of arts and academic curricula
- Unique, authentic learning experiences and assessments

Student Learning Expectations

ACADEMIC EXPECTATIONS

The ACT student...

- Effectively integrates the arts and creative expression in learning across academic and arts disciplines.
- Writes effectively with clarity, purpose, and understanding for an appropriate audience.
- Demonstrates effective communication for a variety of purposes and audiences with accurate content, clarity, and confidence.
- Applies effective strategies for problem-solving by gathering information, analyzing and interpreting data, thinking critically, and communicating strategies.
- Demonstrates skillful and creative expression in the arts and evaluates character and aesthetic qualities in art forms.
- Demonstrates effective reading and listening skills for a variety of purposes.

SOCIAL EXPECTATIONS

The ACT student...

- Takes responsibility for their words and actions.
- Demonstrates effective collaboration skills as a member of a team, is able to teach others new skills, and exercises leadership qualities and negotiation skills.
- Understands and applies concepts of lifelong physical, mental, and social health.
- Demonstrates a professional perspective and preparation for post-secondary success.

CIVIC EXPECTATIONS

The ACT student...

- Demonstrates ethical behavior and respect for diversity.
- Demonstrates an understanding of the rights and responsibilities of citizenship in the school, the community, and the world.
- Understands and respects the need for self-discipline, accountability, integrity, and ethics in a civil society.

Curriculum

The ACT curriculum prepares students for success in the 21st century, as they develop their skills as critical thinkers, collaborators, creators and effective communicators. Through the integration of artistic and academic learning in a highly-individualized learning environment, students develop their ability to problem solve, be flexible and adapt.

ARTS

Students come to ACT because they share an interest in the performing arts. Creating, performing and responding to works of art gives students a greater understanding and an aesthetic appreciation of the arts, and opportunities for real-world applications of their learning.

ACT offers 5 majors from which students can choose: Acting/Vocal Performance, Audio/Video Production, Creative Writing, Dance or Theater Production. These majors give students a chance to focus on an area of interest with purpose and intent. *Please see the Performing Arts section on page 7 for more information on each major.*

ACADEMICS

ACT's academic courses, which are based on the Connecticut State Department of Education's Curriculum Frameworks and Connecticut Core Standards in English and Math, thoroughly integrate concepts from the performing arts. Small class sizes and differentiated instruction allow students' individual learning needs to be addressed, while hands-on learning experiences and performance-based assessments measure student growth in arts and academic subjects.

ACT's academic subject areas include core requirements and electives in math, science, social studies, English, world language and physical education. Students get to choose other electives such as Historical Documentary, Revolutionary Sounds: The History of Popular Music, Culture of Film, and Newspaper. In their senior year, students complete a Senior Capstone Project. The purpose of this project is to engage each student in a personalized learning experience and demonstration that represents the culmination of their learning in the arts-based major of their choice.

COLLEGE COURSE OPPORTUNITIES

In addition to college prep and honors courses offered at ACT, an agreement with Eastern Connecticut State University (ECSU) enables students to earn college credits at no cost by attending university classes. Additional opportunities to pursue college-level work are available thanks to a partnership with Quinebaug Valley Community College (QVCC).

II. SENIOR CAPSTONE: LEGACY PROJECT

The purpose of the Senior Capstone: Legacy Project at ACT is to engage each student in a personalized learning experience and demonstration that represents the culmination of their learning in the arts-based major of their choice. The goal is to create a “Legacy Project” that will make a lasting impact on the community (school, town, state, global).

The project allows students the opportunity to investigate a specialized area of interest as they apply and demonstrate the skills and knowledge they have acquired in arts and academics. Seniors will have the assistance of a faculty advisor to guide them through the processes entailed in this project and an adult mentor who has specific knowledge of the area the student has chosen to explore. Students will meet with their faculty advisor and mentor each quarter.

PROJECT COMPONENTS	DATE REQUIRED
Submit project proposal, obtain faculty advisor approval and complete Reflection #1	Quarter 1
Engage in research/investigation, establish project connections in the community/outreach, establish arts integration, build “works cited” list and complete Reflection #2	Quarter 2
Continue community connections, complete research paper and complete Reflection #3	Quarter 3
Complete tri-fold, finalize presentation/performance arrangement, present to the public and complete post-presentation reflection	Quarter 4

The Senior Capstone Project is a graduation requirement. Final evaluation of each student’s project will be conducted by the Senior Capstone Project Committee, and will include:

- A review of all written and product components
- Rubric scores of presentations on Presentation Day
- Student’s self-assessment and input from advisors and mentors

Please see the guidance counselor or the ACT website for a copy of the Senior Capstone Project Manual and the rubric for Arts Integration Across the Disciplines, which indicates the components of successful achievement of the project.

III. ACADEMIC PERFORMANCE EXPECTATIONS

All students must achieve a rating of “Proficient” on at least one formal, summative assessment in each Academic Performance Expectation area. The assessment rubrics can be found on our website:

www.eastconn.org/act

- Arts Integration: Senior Demonstration
- Arts and Aesthetic Literacy
- Effective Writing
- Problem-Solving
- Effective Communication
- Reading and Listening

Performing Arts Majors

ACT offers 5 majors from which students can choose: Acting/Vocal Performance, Audio/Video Production, Creative Writing, Dance and Theater Production. These majors give students a chance to focus on an area of interest with purpose and intent. Each major has its own required program courses in addition to the required academic courses for graduation. Students must earn a minimum of 5 Fine and Performing Arts credits a year. The grids on the following pages outline each major and its suggested course sequence.

All classes in bold are required courses.

ACTING/VOCAL PERFORMANCE

Faculty Contacts: Sandra Evans-Abbott & Katherine Popovic

Students study voice and diction to develop International Phonetic Alphabet (IPA) diction and articulation for performance. Basic acting theory and technique are introduced, as well as researching and performing scenes from a variety of periods and theatrical styles. Movement for stage, character analysis, and stage make-up are other areas students explore. Musical instruction is provided through A Capella, Musical Theater classes, Beginning Singing and Performance Singing. Performance opportunities include a musical, a play and music night for advanced students as well as various other opportunities for students to perform short scenes, monologues and musical selections throughout the year.
