

EASTCONN

Celebrating 40 Years 1980-2020

March 13, 2020

Good afternoon families and EASTCONN Staff,

With the ever-changing landscape of COVID-19, EASTCONN has decided to proactively close all programs and schools beginning Monday, March 16th through Friday, March 27th. While we have no active cases, the decision to close is a measure to slow the spread of the virus. We will reevaluate opening Monday, March 30th and will notify if any additional time off is required.

With the decision to close schools and programs in our region for the next two weeks, we have also made the decision to suspend in-person home visits for your health and safety.

Your service providers will make up appointments as soon as they are able.

As information becomes available, we will continue to communicate via email or phone through your service coordinators.

Thank you for your continued patience as we work together to navigate this unprecedented time.

Sincerely,

A handwritten signature in black ink that reads "Gary E. Mala". The signature is written in a cursive style and is enclosed in a light gray rectangular border.

Gary Mala
EASTCONN Executive Director
